

CCA (Ret.) Status Application

The CCA (Ret.) designation is for current CCAs in good standing who are retired from anaplastology or individuals who were a CCA in good standing at the time of their retirement from anaplastology who wish to retain their connection to the CCA community.

Individuals granted CCA (Ret.) status may use CCA (Ret.) after their name, in correspondence, publications, speaking engagements and other public mentions to indicate their status as a Certified Clinical

Anaplastologist at the time of their retirement from clinical anaplastology. CCA (Ret.) designees may not use the CCA designation without the (Ret.) suffix, and may not portray themselves as a current CCA.

Eligibility

To be eligible for the CCA (Ret.) applicants must:

- 1) Be a current CCA in good standing at the time of application (or at the time of their retirement from anaplastology).
- 2) Have renewed the CCA at least once.
- 3) Be fully retired or no longer employed in the anaplastology sector (defined as deriving less than 25% of earned income from anaplastology activities including consulting).
- 4) Submit a qualifying application accompanied by a one-time non-refundable retired status fee.

Continuing Requirements

- 1) CCA (Ret.) designees are subject to the same code of conduct and same disciplinary actions as CCAs. Complaints about CCA (Ret.) will be handled through the policies outlined for complaints about CCAs.
- 2) CCA (Ret.) designees must remain fully retired or no longer employed in the anaplastology sector (defined as deriving less than 25% of income from anaplastology activities including consulting).
- 3) CCA (Ret.) designees must notify the BCCA Board of Directors of any change in employment circumstances that would render the individual ineligible for CCA (Ret.) status (e.g., a return to anaplastology employment or deriving more than 25% of their income from anaplastology activities including consulting.)

CCA Reactivation

Individuals who become CCA (Ret.) have the following options to reactivate their CCA:

- 1) If the application for CCA reactivation is made within three (3) years of the last date of being a CCA in good standing, the individual may submit the required number of continuing education units in the preceding three years to reactive the CCA under the Reinstatement policy.
- 2) If more than three (3) years has passed since the last date of being a CCA in good standing, or the requirements to reinstate are not met, the individual must meet current eligibility requirements, submit a qualifying application and fees, and achieve a passing examination score.
